

TRI-BUILT® 10" Shingle Starter

Universal Starter Course Shingles are factory cut starter strips made of tough fiberglass mat coated on both sides with coating grade asphalt and surfaced with ceramic granules for protection from ultraviolet degradation.

USES:

For application to the eaves prior to shingle application. Allows for proper alignment of the courses of shingles.

ADVANTAGES

- Pre-cut, thereby reduces the labor and eliminates the difficulty of field cutting other materials.
- Cuts waste.
- Straighter first course runs.
- Faster installation time.
- Sealant strip to seal first course of shingles.
- Eliminates the need for plastic cement.

PRODUCT DATA:

Shingle Size: 10" X 40"

Shingles per bundle: 30

Coverage per bundle (lineal feet): 100

All values stated as nominal

CAUTION: This product contains crystalline silica and formaldehyde. Crystalline silica and formaldehyde have been classified as "known" human carcinogens by the International Agency for Research on Cancer (IARC) and the National Toxicology Program. This product also contains oxidized asphalt. Occupational exposures to oxidized asphalt and its emissions during roofing have been classified by IARC as a "probable human carcinogen". Oxidized asphalt also contains Polycyclic Aromatic Hydrocarbons some of which have been classified by IARC as known or probable human carcinogens. The physical nature of this product may help limit any inhalation or dermal hazard during application and/or removal. However, physical forces such as sawing, grinding or drilling during demolition work and heating or burning may increase the inhalation or dermal exposure hazard of this product. Take precautions to prevent breathing and contact with skin.
