

TRI-BUILT® Elastomeric Colored Sealant

TRI-BUILT® CUTTINGEDGE Elastomeric Colored Sealant is formulated with a special blend of 100% block rubber designed for residential projects. This elastomeric blend delivers a tough, durable and flexible seal with better adhesion and color retention than ordinary rubber sealants. It can be applied in winter or summer to seal out moisture, insects, dirt and air infiltration.

- Available 9 popular colors
- Residential & Remodeling Application
- Apply over Vinyl & Metal Siding, Fiber Cement Board, Windows & Doors, Masonry & Concrete
- Paintable after skin forms
