

TRI-BUILT® Rust Converter and Primer

TRI-BUILT® Rust Converter can be applied to any iron or steel surface to penetrate rust and turn it into a protective black coating. This protective coating will be resistant to moisture and prevents future rust growth. Just remove any loose rust, then apply it like a primer to rusted surfaces. Greatly reduces time spent wire brushing and sanding. Durable and tough, it can be left as is, but is also compatible with most top coats.

SUGGESTED USES:

- Vehicles
- Trailers
- Fences
- Railings
- Sheet Metal
- Storage Tanks
- Furniture
- Tools
