

## TRI-BUILT® SBS Granular Modified Membrane

TRI-BUILT® SBS Cap membranes are high quality elastomeric, SBS (Styrene-Butadiene-Styrene) modified asphalt roofing membranes specially designed for hot asphalt, cold adhesive applications. Reinforced with a superior polyester membrane, the TRI-BUILT® SBS CAP exhibits exceptional tensile strength and puncture resistance. The granulated surface provides superior long term UV protection. Manufactured for the commercial, industrial and residential markets, the proprietary SBS asphalts and product composition will offer long term resistance to moisture, dimensional stability and flexibility.

- Made in the USA
- Standard Colors for Granular Membrane are White, Black, Weatherwood, Buff, Chestnut and Slate
- Florida Dade County Approved
- Florida Building Code Approved
- 10,12 and 15 year material warranties
- New Roofing, Re-Roofing, Re-Cover and for Flashing Details
- Can be set in hot asphalt or cold applied with approved Tri-Built adhesive
- Superior flexibility, puncture resistance and dimensional stability
- Exceptional long-term weathering performance
