Add custom style to your bay or bow window by adding a solid surface seat available in six colors.

FEATURES

- 1 Custom made to ensure a good fit in your home
- 2 Fusion-welded New Generation uPVC vinyl frames and sash for extra strength, dependable performance and enduring beauty
- 3 Available in casement or double hung styles to complement your architectural style or personal preference
- 4 Heavy-duty weatherstripping ensures a tighter seal
- 5 Bays & bows with double hung or casement style window configurations feature X-Core insulation and InsulEdge or optional InsulEdge+ spacer system helps keep utility costs down
- 6 For bay or bow configurations with casement style windows, multi-point locking system secures the window in several locations simultaneously with a single handle
- 7 Pre-finished interiors are sealed for beauty and durability and available in golden oak, natural oak and colonial cherry
- 8 Laminated interiors available in three woodgrains and two solid colors: golden oak, natural oak, colonial cherry, white and beige

Support and Insulation Systems

(2) Cable Kits Standard

External Knee Braces

- Provides exterior support for bay, bow and garden windows¹
- Available in white, beige, earthtone and sandstone
- Pre-finished to be maintenance free

1. Required and included standard with garden window. Knee braces and cable system are required for bay/bow windows and are included with the window.

Superior Insulated Seats

- Insulated with high density polystyrene insulating board combined with a 3/4" exterior grade plywood surface – 3" overall thickness
- R-Value of 7.6 – six times that of a typical non-insulated bay/bow window
- Available in white or beige (earthtone units are clad with brown coil)
