

ARCHITECTURAL SHAPES

CUSTOMIZE YOUR VIEW

From the road and from within your home, windows tell a story. Every choice adds distinction: from the woodgrain or solid colors that surround each window to the grilles or subtle elegance of Regal V-grooved cut glass. Ultimately, the story of your home is what you see through your eyes.

TRI-BUILT® CUTTINGEDGE II Plus Replacement windows feature our two-color vinyl extrusion process allowing you design flexibility to match your exterior style with an easy to coordinate white interior.

Now share your TRI-BUILT® CUTTINGEDGE II Plus Replacement windows with the world.

SCREEN OPTIONS

Fiberglass mesh is the standard insect screening material used on all TRI-BUILT® CUTTINGEDGE II Plus replacement products with available half or full screens. This product provides good outward visibility and ventilation and will not rust, corrode or stain. Additional options available include:

			
ALUMINUM MESH SCREEN	SOLAR BLOCK SCREEN	OPTIMAL VIEWING SCREEN	PET RESISTANT SCREEN¹
<p>ALUMINUM MESH Provides added protection against aggressive regional insects that eat through normal fiberglass mesh. Charcoal finish reduces glare.</p>	<p>SOLAR BLOCK SCREEN Blocks 70% of the sun's heat and glare. Keeps living spaces cooler, reduces energy costs and protects furnishings against fading.</p>	<p>OPTIMAL VIEWING SCREEN Thinner fiberglass material allows maximum viewing while tighter mesh pattern keeps out tiny insects.</p>	<p>PET RESISTANT SCREEN¹ Strong vinyl-coated polyester and provides a screen seven times stronger than traditional insect screening with excellent outward visibility.</p>

Colors are reproduced as accurately as printer technology allows. Please see your authorized TRI-BUILT® CUTTING EDGE II Plus Window representative for actual samples.

1. Doors only.

GLASS OPTIONS

 Optional Advanced Easy Clean® Glass is a remarkable advancement in glass design that eliminates frequent exterior window cleaning. Windows and doors with special Easy Clean Glass require less effort than windows with ordinary glass.
