

**1000 SLIDING PATIO DOORS** are your home's way of welcoming guests with arms wide open. But when heat, cold, rain, wind or intruders come knocking, this beauty is as tough as nails. Configurations include two, three and four panel operating units as well as complementary side lites and transoms.

# 1000 SLIDING PATIO DOOR

The EuroGlide operating system literally lifts the door panel off the sill to allow the door to glide effortlessly with the push of one finger.

## FEATURES

- 1 Constructed of New Generation uPVC vinyl for enduring beauty with fusion-welded panels for added strength and durability
- 2 Standard InsulEdge spacer system and PG glass package reduces energy costs; optional InsulEdge+ spacer system provides enhanced performance.
- 3 Custom-fit interlock system provide extra protection against air infiltration for enhanced energy performance
- 4 Handle literally lifts the door panel off the sill when rotated 180°
- 5 Ball bearing roller system enables a door weighing up to 550 lbs. to glide smoothly open and closed with just the push of a finger (just 8 lbs. of force)
- 6 Anti-take-out device in the head of every door makes it virtually impossible to remove the active panel even with the rollers in their lowest adjustment position providing comfort and peace of mind
- 7 Available on the TRI-BUILT CUTTINGEDGE II Plus 1000 Sliding Patio Door; optional pet resistant screen is seven times stronger than standard insect screening and offers excellent outward visibility, is made from vinyl-coated polyester and is not harmful to pets

1. Most 6' sliding doors meet a Design Pressure (DP) rating of 50 and most 8' sliding doors meet a Design Pressure (DP) rating of 45.
2. White hardware is default on white 1000 sliding patio doors; Antique brass hardware is default on beige and woodgrain 1000 sliding patio doors.

Multi-position optional footbolt

Moving the handle 180° actually lifts the door off the sill, enabling it to glide effortlessly.
