

TRI-BUILT® EZ Blend

TRI-BUILT® EZ Blend colorants are high quality pigments designed especially for on-site tinting of silicone coatings. EZ Blend is a revolutionary idea in custom colored silicone roof coatings. It is a simple solution that sets TRI-BUILT® apart from others. EZ Blend is available in 11 standard color and installation is very easy. Just mix the color pack to the correct base and mix up as little as 5 gallons. Here is the list of available colors:

- Pacific Sand
- Glacier Gray
- Patina Green
- Colonial Blue
- Harbor Blue
- Hunter Green
- Terra Cotta
- Barn Red
- Black
- Walnut Brown
- Safety Yellow

For light colors like Pacific Sand and Glacier Gray use Roof X Tender® RX 985 Super Silicone as your tint base. For darker colors use the new Roof X Tender RX 986 Super Silicone Deep Tint Base.
